

Jesus Showed Love

Family Supplement

Today in our SRE class we began talking about Jesus showing his love to others and how we can show our love to others also. In the coming two weeks we will discuss with the children being a Good Neighbour and Live Love. Our love is shown to all people in the ordinary events and actions of everyday life.

We invite you to make a collage in the heart shape (collect pictures of people helping others from newspapers or magazines) with your child. You might like to add words that describe the pictures on the collage.

Please get your child to bring the collage back to school in two weeks time to share with their class.
